

Egypt

There were some advanced civilisations in the world 3,000 years ago.

They included:
Ancient Egypt, Ancient Maya,
Shang dynasty, Ancient Greece

The **pyramids** were stone structures built as tombs for the Pharaohs.

Ancient Egyptians used **Hieroglyphics**: writing that used pictures/symbols.

Tutankhamen: A boy king is famous for his tomb being discovered intact by Howard Carter in 1922.

Cleopatra: The last Pharaoh of Ancient Egypt.

The **Pharaoh** was the supreme leaders of the land. These could be either kings or queens.

The **Scarab** was a sacred beetle to the Egyptians (the life the beetles led represented the cycle of rebirth).

Mummification is the process of preserving a body after death.

Canopic jars held the internal organs of a mummy. They would have the head of a baboon, human, cow or a falcon, which represented Horus's four sons.
