DIGITAL MEDIA

YEAR 4 ART & DESIGN

STICKY KNOWLEDGE

Creators of digital media focus on the purpose and audience of a photograph.

They combine photos and text for a specific purpose.

They add a filter to a photograph to create different effects.

Some of these effects are dramatic warm, cool silver tone, mono and noir.

KEY VOCABULARY

Print: a method of printing from a digital-based image directly to a variety of media.

Shape: the external form of something, made up of lines joining together.

Texture: how the surface of something feels (rough, smooth etc).

Form: the shape or configuration of something.

Composition: the way in which something is made up.

Space: the position of two or more items at a distance from each other.
