

Poverty

HOW ECONOMIC CHOICES AFFECT INDIVIDUALS, COMMUNITIES AND THE ENVIRONMENT – YEAR 5

Preparing to become a
responsible future citizen

STICKY KNOWLEDGE

Poverty is going without the necessities of life.

Poverty affects more than $\frac{1}{4}$ of children in the UK.

Children living in poverty miss out on the things most children take for granted: hot meals, warm clothes, school trips, having friends over for tea. They do less well at school and earn less as adults.
