

1. Using the labels complete the diagram:

2. Find the radius or the diameter for each object below:

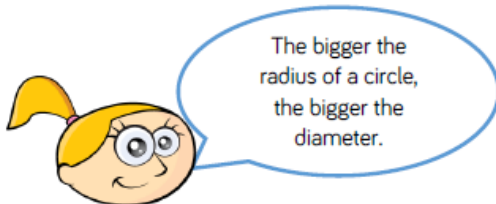

The radius is ____ The diameter is ____ I know this because ____

3. Complete the table:

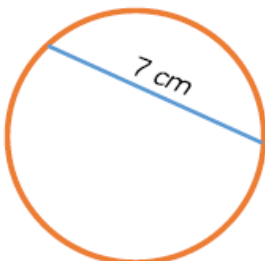

Radius	Diameter
26 cm	
	37 mm
2.55 m	
	99 cm
	19.36cm

4. Stephanie says:

Do you agree? Explain your reasoning.

5. Spot the mistake!
Ross has measured and labelled the diameter of the circle below.
He thinks that the radius of this circle will be 3.5 cm.

Is Ross right? Explain why.
